

JKV Global Capital Markets Services LTD - CFD Trading Disclaimer:

By using the CFD trading services provided by JKV Global Capital Markets Services LTD, you acknowledge and agree to the following:

Market Risks:

CFD trading involves substantial risk due to market fluctuations. Prices of currencies can change rapidly, leading to potential financial gains or losses.

Leverage and Margin:

Trading on margin carries inherent risks. While it allows for increased market exposure, it also amplifies the potential for significant losses. Exercise caution and manage leverage responsibly.

Execution and Technology Risks:

Execution of trades may be subject to delays, and technology-related issues could impact order execution. Be aware of the risks associated with potential disruptions.

Market Conditions:

Unforeseen market conditions, including economic events and geopolitical developments, can influence currency prices. Such events may lead to unexpected market movements.

Past Performance Not Indicative of Future Results:

Historical performance does not guarantee future success. Traders should not solely rely on past performance when making trading decisions.

Risk of Loss:

CFD trading carries a risk of substantial financial loss. Only trade with funds that you can afford to lose, and implement risk management strategies to protect your capital.

Educational Purpose:

The information and content provided by JKV Global Capital Markets Services LTD are for educational purposes only. It is not financial advice, and users are encouraged to seek professional advice before making trading decisions.

Regulatory Compliance:

Users are responsible for ensuring compliance with all applicable laws and regulations related to CFD trading in their jurisdiction. JKV Global Capital Markets Services LTD does not provide legal advice.

By accessing and using JKV Global Capital Markets Services LTD's CFD trading services, you expressly acknowledge and accept the inherent risks associated with CFD trading. JKV Global Capital Markets Services LTD is not liable for any losses incurred during trading activities. It is recommended to seek independent financial advice before engaging in CFD trading.
